

Testimonials from some of our amazing customers

OMG! Which stands for Oh My Greg, what a fantastic job YOU and your ENTIRE CREW did in building our 24x20 two car garage. 31 days from estimate to turning over the remotes to the garage door openers. Your crew was polite, considerate, worked well together and turned over a finished product that went beyond our expectations! You stepped us through the process, gave us "estimated" dates for each progressive step and, with the weather cooperating, were able to deliver ahead of schedule. WOW! There was not even a single nail, piece of wood or shingle that we had to pick up....100% cleaned up as promised. We gave you the concept, wanted it to match our house, and now it looks like the two were built at the same time...matched right down to the exterior lights. We are SO glad we found you at the Bangor Home Show this spring and sure we will run out of your business cards as we have more and more people ask us about your work. I want a gazebo built next year?????

-ALAN GEROWE

"Greg has worked on our house on two occasions. He keeps his word and stays current with the best building practices. We appreciated the good advice and suggestions he offered before he began the work. Both times we were completely satisfied with his work. We found Greg to be professional, easy going, honest, hard working and conscientious."

- TIM & BEV STONE

"Many thanks to Greg and his crew from GC Renovations. They were able to take my dark, dingy basement and transform it into a couple of very attractive rooms. A very professional job from start to finish. The next time I need quality work I will call GC Renovations."

- ALBA THOMPSON

"GC Renovations remodeled a bathroom in one of my apartment units and did a great job. The job consisted of removing all fixtures, gutting the entire room, replacing the subfloor, sheetrock, finish flooring and all the fixtures. The layout of the bathroom was very tight and Greg had some good suggestions to move the shower and the vanity which opened up the room a lot. He was true to his word, was there when he said he would be and finished the job on schedule. I had a tenant moving into the apartment in less than a week and Greg and his crew worked long days to get the job finished so the tenant could move in on time. I will hire GC Renovations again for sure."

- MIKE LYFORD

"Greg Cronk and GC Renovations remodeled our 22,000 sq ft retail store in Bangor, ME. I was referred to Greg through Sherwin-Williams, one of our national account holders. He was their number one choice for quality and professionalism. They were dead on.

Trades included painting, flooring, light construction, and custom cabinet design/installation.

Most of the work had to be at night, and GC Renovations was very accommodating. Professional, punctual, courteous, communicative, organized, clean: these were all words used to describe their performance by our VP's, District Managers and the like.

I certainly intend to hire Greg and GC Renovations again and look forward to more high quality work."

- DAVID LOCKETT

"I have become acquainted with Greg over the past several months as I have hired him to perform general carpentry work on one of my rental units.

While I have known Greg for only a short time, I have become impressed with his industriousness and exceptional work skills. He can be counted on to get the job done, and takes initiative to take care of little things that turn up without having to be instructed to do so.

In my opinion Greg's help has been a positive experience for my organization. I feel that he has demonstrated abilities in the roles that he has filled that indicate he is deserving of your consideration for employment for both interior and/or exterior carpentry work."

- RICHARD W. COOKSON

"I would like to recommend Greg Cronk as a contractor for your home improvement needs. I first met Greg three years ago after I had employed him to perform both maintenance and renovations to a newly purchased home. Greg has performed many skilled tasks for me, including but not limited to general carpentry, finish carpentry, deck building, roofing, tile work, drywall, and window installation to name a few.

Greg's work is accomplished in a proficient manner. He has always submitted reasonable and accurate labor quotes, and accomplishes his work with pride and punctuality. Greg has consistently shown that he possesses an extensive knowledge of how to correctly complete all phases of home improvements."

- JACOB ODELL

A few months back I started looking for a contractor to build a new shop at my home. I contacted several different contractors to get quotes on completing the project. GC Renovations was quick to get back to me and come look at the job, and had a price to me in less than a week. After waiting weeks for some of the other contractors to quote the job I went with Greg and his crew. Looking back now I know I made the right decision. If you are looking for a quality contractor you can trust, look no further than GC Renovations Inc. Thank you so much for the quality work. You will have my future business that is for sure!

-Dan Healy

We were pleased with how the owner responded very quickly to any communication, the workers were there on time and polite, the job was done in the amount of time that we were told, and they did not go over the estimate. Immediately, we now have a much more enjoyable space outside that can be used when we work at home and when we entertain thanks to GC Renovations, Inc.!

-Jean Mullins

Our remodeled bathroom is gorgeous. Greg and his crew did outstanding work. They were very professional and did an amazing job of keeping a small area tidy every day. We're already thinking about more remodeling projects with Greg.

-Mary Arell

Greg and his team at GC Renovations built a beautiful LARGE addition to our home. Greg and his team also did a large porch rebuild. We are very happy with Greg and his team of professionals that get the job done, and done RIGHT!

-Richard Peterson

Greg and his crew have done 4 separate projects for us this year, each one surpassing the previous in terms of quality. Greg firmly stands behind his work and makes sure that his crew performs to his standards. As a result of his work ethic and fair pricing, we have recommended GC Renovations to others and will continue to do so in the future.

-Gary and Linda Cyr

Highly recommend! They did a great job on our new deck. They are prompt, professional, and provide a high quality product! Would definitely use them again in the future!

-Tim Pellett

Had a few small projects done. Always given multiple options for what can be done. Would definitely recommend Greg and GC Renovations for any project.

-Adam Armitage

Our new deck is awesome, I highly recommend using them!

-Steph Oiler

GC Renovations has done multiple jobs at our house. Not only do they always do outstanding work and quotes that are on par with the job being done but they are always prompt, polite and courteous. They've never left a mess after they've left and have always treated our home with respect. I would recommend GC Renovations for any size job without a hesitation at all. They you for always being the best in your industry!

-Aaron Hardy

"Phase one complete? Greg Cronk, Owner of GC Renovations, just completed siding our home and studio buildings. Between weather and much needed repairs, he and his crew worked through adversity and did a fantastic job! We ran out of time due to weather, but in the spring, the new landscaping, driveway paving, door painting, and some other nice touches will finish it all off. If you are looking to have any work done like this, call Greg. He shows up early, stays late, does what he says he'll do (and more), for a fair price. Plus he knows what he's doing and he's honest-he'd rather do something right the first time rather than "cheap it out" and have to redo next year. Call Greg at 207-290-7129. He also does snow plowing, salting, landscaping and a lot more-painting and flooring, even does whole kitchens and bathrooms, and roofing! Can't wait to have him back when the Spring weather allows to do more!

-Thomas Morelli

It is a pleasure to write this letter of recommendation for Greg Cronk. I have known Greg for some time as both an employee and independent business person.

Greg worked for D & L Management, McDonald is, doing equipment preventative maintenance as well as general repairs. During that time Greg was extremely dependable and did a outstanding job. Because of the type of work Greg did he often had to work off hours and most of the time on his own. He would work overnights, weekends or what ever it took to get the job done. His work was always complete, and I would rate the quality a consistent excellent to outstanding

When Greg came to me and discussed that he wanted to go into business for himself I was sorry to lose him but recognized that he had to the drive and talent to be a success. He provided plenty of notice and when he left all agreed upon projects were complete.

Since he started his business, we have used him on numerous occasions. Greg has built a building in Machias which is used as storage and training center. This job was completed under the agreed time frame and less than the estimated cost. He has also done interior work in all our restaurants, painted the building exteriors, repaired sidewalks, replaced exterior trim as well as numerous other jobs. We have been so please with his work that we have committed to future work into January and February of 2015. He has performed work at our home including putting a floor in our basement, doing siding work, building a beautiful fence, etc.. Again, we were very pleased with the outcome of all of his work.

Finally, because of the commercial nature of our business it is very important that any contractor we use has the proper insurance. GC Renovations has carried the necessary insurance from the beginning, protecting us if something happens on the job. Greg is consistently attending seminars, and other training sessions insuring he is knowledgeable with the newest products, procedures and state regulations.

If you want a company who's prices are fair and provides quality work in a timely manner I highly recommend GC Renovations.

-Doug Quagliaroli. Owner- D&L Management (McDonalds)

I've used GC Renovations twice, both were great experiences. One was for a full kitchen remodel and it came out perfect. Greg and his crew are prompt, skilled, and kept me updated on the schedule. I'd recommend them to everyone!

-Doug Comstock

OMG stands for Oh My Greg! My wife and I are so excited about our 20-24 foot garage. And it only took 32 days from estimate to turning over the keys to the garage. Your team is professional, courteous, friendly, and helpful. This was the greatest experience ever in getting something built. Even the estimate was great. Your team asked me what I wanted, verified it, asked some clarifying questions and offered some alternate options which worked better than what I was planning on. Clean up was down to the last stray screw or nail. Such a great team! Such superior work! Thank you!

-Alan Gerowe

Highly recommend! They did a great job on our new deck. They are prompt, professional, and provide a high quality product! Would definitely use them again in the future!

-Tim Pellett

Greg and his crew were professional, prompt, and did solid work. They listened to what we wanted and made our vision a reality for a fair price. Would highly recommend.

-Laura Mowry

I highly recommend GC Renovations. Great quality work and very fair price. Greg and his guys are awesome to work with.

-Sam Shaw

GC Renovations delivers on time, at or below budget, and stands by their work. We highly recommend them to anyone as Greg runs a tight ship and strives to keep the customer happy.

-Gary Cyr

This renovation company was very helpful and efficient.

-Joellen chambers
